We recommend

European Union citizens can take a spa treatment not only in their home country, but also in other EU member countries. Therefore we recommend clients to inform in their insurance company about the partial refunding of costs of the healing stay, the conditions and the scope of refunding before arriving for the planned spa treatment. It is important to receive the confirmation of partial costs refunding before starting the treatment. Client has to bring the confirmation to the spa including all the forms that are about to be confirmed by the spa doctor after the treatment is completed.

Transfer possibilities

Kúpele Dudince, a.s. offer its clients a possibility to transfer them to spa houses Rubín, Smaragd and Mineral from selected airports, train and bus stations. A professional driver will wait for a client on the agreed place and will drive him/ her to the best spa – to Dudince. The driver will also help the client with luggage of course. The prices of transfers only apply to the arrival day and the departure day. If a client wishes to be transferred from a place not included in our list, we are ready to prepare a calculation according to the client's needs.
